print at your pace — with Lanier quality

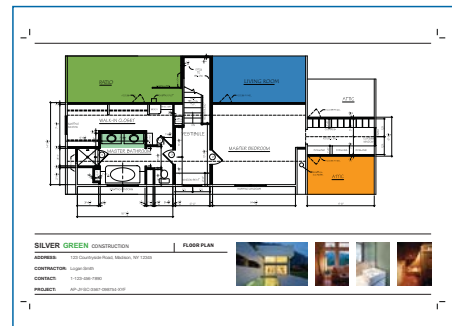

Where power meets convenience

With a powerful processor and ample RAM, the Lanier MPC3003SP/MPC3503SP/MPC4503SP/MPC5503SP/MPC6003SP enables your entire workgroup to produce impressive, fast-paced output. Streamline workflow and simplify execution with the one-click, preset interface driver or optional Adobe PostScript 3 driver. With advanced administrative controls, quotas can be set to limit outputs for specific users or workgroups.

When quality is the first choice

The MFP recalibrates as documents are processed for more stability with minimal colour deterioration. Every page is delivered with crisp, vibrant, affordable colour using patented PxP -EQ toner at up to 1200 dpi - even on thicker paper stocks up to 300 g/m². Paper capacity is an astounding 4,700 sheets with optional sources and the standard paper tray accepts a wide range of paper sizes, including envelopes. Plus, optional SRA3/320 x 450 mm support gives in-house graphic designers the ability to print crop marks for full-bleed printing.

How organizations maintain better print control

Choose the optional Fiery Controller for compelling, professional-grade output — including photos, brochures, flyers and more — on a wider range of paper stocks. Ideal for graphics-intensive environments, the controller offers exceptional enhanced spot-colour reproduction with RGB, CMYK and PANTONE colours. Plus, its easy-to-use Command WorkStation utility simplifies even the most complex print tasks, so documents can be created, reprinted or combined with ease.

customization for faster, smarter workflow

Capture and share documents

Choose the Lanier MPC3003SP/MPC3503SP/MPC4503SP/MPC5503SP/MPC6003SP to share your best ideas in better ways. Monochrome and colour scanned documents can be sent to multiple recipients with Scan-to-Email/Folder/URL/FTP. Compress file sizes for full-colour scans and send them easily without compromising image quality. Take advantage of centralized Distributed Scan Management (DSM) while following specific preferences and rules to automate document tasks and improve productivity. The innovative MFP also lets you send faxes directly from a PC and automatically routes inbound faxes to e-mail addresses or network folders for fast, secure delivery.

Work quickly, efficiently

Greater productivity comes automatically with the Lanier MPC3003SP/MPC3503SP/MPC4503SP/MPC5503SP/MPC6003SP. With optional OCR, users can retrieve documents quickly by searching for specific words in PDF text in up to 14 languages. The optional Web browser lets you browse the internet and print directly from the device. Users can also work more efficiently by copying the front and back sides of identification cards and other documents onto one side to save paper and time.
